

## Celebrating the Latihan at work in this world

### Our endeavours in projects & enterprises

The program for this venue still has to be determined and will be evolving over the next weeks. Be sure to subscribe and contribute your ideas with the form on our website.

Some topics we would like to address are:

- **Fair / Show**  
possibility for members to present their project. Business enterprise, service, art, creative work, etc.
- **Workshops**  
For those who would like to start an own enterprise or project, develop new skills
- **Testing & coaching**
  - How is our relationship with money / material forces
  - What makes the difference working in a Subud project?
  - About social relations
  - Please let us know your questions
  - For young people to find out about talents and skills and how to put them into practice
- **Sharing experiences**  
Offering mentorship
- **SES, SESI, SICA, SDI**
  - Presentation / about
  - Aspects of each 'wing' in every project
- **Subud & Internet**
  - How does the internet help us organize our projects & communication.
  - What do we need, who are the experts in Subud?
  - Support in learning about collaboration tools (Box, Dropbox, Meetingsphere, etc.)
- **Panel about Zonal enterprise(s)**
  - what is our position?
  - is there a project idea we would like to support?
